\* \* \* The COPPER-PLATES and Execution throughout of other Works of the above Nature, having been rather a Disgrace than an Embellishment, we have totally obviated that Imperfection by employing the most renowned Artists in these Kingdoms; whereby our Copper-Plates, being finished with superior Elegance, Correctness, and Uniformity, will justly correspond with the Dignity and Elegance of the Works they are intended to embellish, and will exceed in Value many sold in the Print-Shops at 3s. each.—A very liberal Allowance made to all Merchants, Captains, &c. who purchase an Assortment of the above Variety of Articles for America, the East and West Indies, &c.—And it is worthy of Remark, that all Country and Town Booksellers, Stationers, Dealers, &c. find it greatly to their Advantage constantly to keep an Assortment of the above Books for Sale, as they are generally preferred by the Public to all other Articles of the Kind; and by ordering the Payment of Ready Money, on delivery of the Parcels in London, the very lowest Prices will be charged by the Publisher, who gratefully acknowledges the preference which is given to all his various new Publications, by the Public at large.
